Hi,

Receiving this letter means you have completed the Novice and/or the Intermediate Courses with us, and obviously reached a stage where you are ready to further your dogs skills.

As you might have been made aware, the Advanced Course takes on a new level of training that is different from what you have become accustomed to. We will of course use all the skills that you have taught your dogs to date.

Over a 6-week period we will incorporate the following exercises

Emergency wait/down
Out of sight wait/stay
Control with distraction
New fun tricks - taught in class altogether
Fun agility introduction
Fun distracted exercises with all dogs working together
Various exercises that include close walking with dogs off lead
Plus much more...

All of the exercises we learn take time and patience to master, so the entire course length will be dedicated to achieving a high level of success.

There will be a fair amount of repetition with these exercises, but we will keep it fun and interesting for both you and your dog.

We hope to see you soon.

All the best

Jo
