Pet Dog & Fun Agility Training

Hello,

Thank you for your interest in the Tricks 4 Treats Pet Dog Training Advanced Course.

Receiving this information means that you have completed the Novice and/or the Intermediate Courses with us, and reached a stage where you are ready to further your dogs' skills and continue to enjoy the benefits of training. If you are new to Tricks 4 Treats, welcome, we're sure you are going to thoroughly enjoy the content of your course.

As you might have been made aware, the Advanced Course takes on a new level of training that is different from what you may have become accustomed to. We will use all of the skills that you have taught your dog to date, but increase the level of difficulty and offer further distractions, as well as including a fun element to your training. The main objective is to have fun. All that has been taught continues to require 'proofing', this means to enable dogs' to continue carrying out your requests in a variety of ways, which you can then encourage in different environments and situations. The more you help your dog to generalise, the better they will understand.

This course will run for 1 hour per week over 8 weeks. Elements of this course will include the following:

- Emergency Wait/Down
- Out of Sight Wait/Stay
- Control with Distraction – On & Off lead
- Fun Tricks - taught as a group
- Fun indoor agility – low impact
- Distracted exercises with all dogs working together
- Various exercises that include close walking with dogs off lead
- Tricks....LOTS of trick.
- Plus much more...

It is important to know that although your dog may have spent time in our environment before, being around new and different dogs' can excite even the most placid of natures. Therefore, in order to maintain good control at all times, week one will not offer the same challenges as future weeks, but more a chance to allow the dogs' to settle in with each other, with no real expectations. We will progress all abilities at a steady pace to ensure that your dog fully understands what is expected of

them, which in turn will help to relax all course participants who will benefit long term.

It is important, as always, to remain consistent with any training that you undertake, the level of success you will enjoy will depend on how much time, care and attention has been put into your training.

We will continue to use high value foods to reward your dogs', it works and it's a fast educator for dogs. However, we may also incorporate the use of toys as rewards, assuming your dog enjoys this type of reward.

As always, Tricks 4 Treats aim is to ensure that you and your dog enjoy your training time with us. All methods and techniques used will ensure that your dog does not experience any physical or emotional harm during your training time with us.

Our training methods are based on proven scientific research to ensure that we remain modern in our knowledge and skills and of course provide you with the means to continue enjoying this side of your life with your dogs. The Association of Pet Dogs Trainers UK & Pet Professional Guild policies/code of ethics is continued throughout all training classes and courses, we are consistently kind, fair and effective in our approach.

Of course, should you require any additional information or assistance, please do contact us using the details provided at the foot of this letter, we are always happy to help.

We hope to see you soon.

Kind regards
